

de.backxtar.clevercharge.
LoadingScreen.onCreate

de.backxtar.clevercharge.
Login.onCreate

de.backxtar.clevercharge.
MainActivity.onRequestPermissions
Result

de.backxtar.clevercharge.services.
MessageService.sendToast

```
graph LR; A[de.backxtar.clevercharge.LoadingScreen.onCreate] --> D[de.backxtar.clevercharge.services.MessageService.sendToast]; B[de.backxtar.clevercharge.Login.onCreate] --> D; C[de.backxtar.clevercharge.MainActivity.onRequestPermissions Result] --> D;
```

The diagram illustrates a call flow where three different methods from the 'de.backxtar.clevercharge' package call a common method 'MessageService.sendToast' in the 'de.backxtar.clevercharge.services' package. The source boxes are 'LoadingScreen.onCreate', 'Login.onCreate', and 'MainActivity.onRequestPermissions Result'. The target box is 'MessageService.sendToast'. Arrows point from each source box to the target box.
