The diagram illustrates a call flow between three Android methods. On the left, two source methods are listed in white boxes: 'de.backxtar.clevercharge.fragments.Main.HomeFragment.onCreateView' (top) and 'de.backxtar.clevercharge.managers.StationManager.sortByFavAndLocal' (bottom). Blue arrows point from each of these source methods to a single target method on the right, 'de.backxtar.clevercharge.managers.StationManager.sort', which is highlighted in a gray box.
